

SMART LIVING

BEGINS WITH FELTRON

TRUSTED NAME FOR THE LAST

Feltron one of the finest and oldest names in Black & White televisions and Colour televisions and the Pride of millions of homes all over the country for almost **50 years** is proud to announce that they have entered the world of White Consumer Goods & Appliances with a new concept and style for a new India with the same old legacy of Feltron Brand.

Our journey started way back in the year 1975 and we have transform ourselves from Radio to colour era and now finally to LED TV technology. Our **Founder Mr. Dhanraj Goel** started his entrepreneurial journey with strong technical background in electronics which resulted in trouble free quality of our products for our customers.

Continuing the Feltron legacy the second generation **Mr. Abhinav Goel** with his strong managerial & marketing skills it taking the company to new heights.

With the aim of providing Quality & Quantity On Time & Every Time, Feltron is adopting itself with continuous change in technology keeping in mind the end consumer needs and wants.

A Story of Trust & Innovation

It gives me immense pride to share the journey of Feltron. Established in 1975, Feltron began with a simple vision – to deliver reliable, affordable, and innovative Consumer Electronics and Home Appliances to every household in India. What started as a small initiative has today grown into a trusted brand, known for its commitment to quality and customer satisfaction.

From our very first product to the wide range of appliances we offer today, our focus has always been on excellence, innovation, and trust. This journey has been made possible by the dedication of our team, the faith of our partners, and most importantly, the unwavering trust of our customers.

As we move forward, Feltron remains committed to introducing advanced technologies, sustainable practices, and world-class designs that make life easier and better. Our story is not just about products, but about creating value and building strong relationships that last for generations.

I thank you for being a part of the Feltron family and for walking with us on this incredible journey.

Founder

OUR MISSION

At Feltron, our mission is to enrich everyday living by delivering Consumer Electronics and Home Appliances solutions that combine trust, quality, and innovation. With over five decades of industry experience, we are committed to designing products that are not only durable and reliable but also energy-efficient and environmentally responsible. We aim to make technology more accessible, ensuring that every customer — whether at home or in business — experiences comfort, convenience, and peace of mind. Our mission is to stand by our customers long after the purchase, creating lasting relationships built on trust and satisfaction.

OUR VISION

Our vision is to establish Feltron as a globally admired Indian brand, one that represents excellence, sustainability, and customer-first innovation. We aspire to lead the consumer electronics industry by setting higher benchmarks in product design, manufacturing, and service standards. Feltron envisions a future where every home and business is empowered by smarter, safer, and more energy-conscious solutions. With strong Indian roots and a global outlook, our vision is to proudly make “Made in India” synonymous with quality, trust, and innovation on the world stage.

ABOUT DIRECTORS

MR. DHANRAJ GOEL

Founder

Mr. Dhanraj Goel started his entrepreneurial journey in the year 1975 after completing his post-graduation in MSC Physics from Bits Pilani. He is also an **Electronics Engineer from IIT Kharangpur**. It was a start-up by 3 friends from college who wanted to make world class Radios and Transistors and formed the company by the name of Friends Electronics. During the course, the 2 friends dropped the idea of business but Dhanraj Goel continued his path and vision of creating quality and affordable electronics products under the brand name **FELTRON**. The vision of the company is clearly visible in **our tagline "The Pride of Every Home"**. With the aim of providing quality and quantity he drives himself for better products & innovation.

MR. ABHINAV GOEL

2nd Generation

Mr. Abhinav Goel a management post graduate from **SPJIMR Institute of Management and Research (Mumbai)** aims to take the FELTRON Legacy further to greater heights. With a strong recall brand value and presence from black & white TVs, he wants the brand to be the most preferred brand in Indian market and in addition to that want the brand to be preferred at the global level as well. After joining the family business, he has diversified into all new verticals such as **Air Coolers, Washing Machines, Refrigerators, Air conditioners, Appliances** apart from Led TVs. Also he has started with Backward Integration of Air Cooler Motors, Pumps and in the coming year planning for Deep freezers and Electric geyser. His simple passion for the brand is to build customer's trust with providing optimum quality products and after-sale services.
